DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.
2. Claim 1 is rejected under 35 U.S.C. 102(b) as being anticipated by Hibino.

Hibino discloses (Figures 1 & 5; column 4, lines 22-33) a method for providing print status for a printer connected to a computer and printing print jobs from the computer. In this method, the computer receives input content (printer status information) from the printer and executes the content to form a printer status information display page.

Response to Arguments

3. Applicant's arguments filed 9/3/04 have been fully considered but they are not persuasive.

Applicant argues (9/3/04 Response: page 3, line 20 - page 4, line 12) that the art of record fails to teach or suggest the reception from a printer of content that is executed to generate a print status page.

However, as noted above Hibino discloses (Figures 1 & 5; column 4, lines 22-33) the receiving of printer status information by the computer from the printer and the execution of this information to generate a print status page.

Conclusion

4. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
